# Catering and Accommodation

## Food

Please, provide cooked food..we don't expect anything special, but more than only bread & cheese...**If we're on tour:** mind that we very likely just spent the day on the highway eating expensive gas station junk food so we might be hungry and looking foreward to eating healthy food.

Vegetarian food is prefered

Fruits and vegetables are very welcome!

## Drinks

Water, juices and cold beer

## Accommodation:

7 beds!

Accommodation should be in a seperated room in the club, hostel or hotel.  
Please notify on time if sleeping bags are needed.

**Last but not least THANK YOU!!!**
